The D.C. Chikkamagalur 28th, has recommended a grant of Rs 5000/- to the Koppa Town Municipality for arranging for the removal of the jungle round about that Town. The work is proposed to be taken up by the residents of the Municipality in the interest of the health of the residents of the Municipality. It has to be pointed out in this connection that Malnad is the home of Lantana which grows luxuriantly in those parts. Effective steps required to be taken to see that it is rooted out. Completely But the Municipality should hardly attend to this work. However this is not a work of a permanent nature, as soon

Sir,

Re - Clearance of the Jungle Round Koppa Town
to a ~~depth~~ width of at least one furlong

With reference to letter No L 17304 dated 4th June 1948 on the above subject, I wish to forward herewith a copy of letter No M1 C 63/48-49 dated 5th March 1949 together with its enclosures received from the President, Kopp Municipality for kind perusal of Government. It is proposed to clear the jungle to a length of 5280 yards all round the town, at an estimated cost of Rs 18,150/- as per the enclosed estimate.

In their representation to the Hon'ble Minister for Finance and Industries, the Municipal Councillors have also requested financial help to the extent of Rs 5000/- to take up the work in view of the slender resources of the Municipality and in view of the urgency of the matter in the interest of the health of the town.

Under the above circumstances I am of opinion that adequate funds may be given to the Municipality by way of grant to the extent of Rs 5000/- as requested by them in the first instance, so that the work might be taken up urgently after getting the estimate properly scrutinised by the Public Works department.

I request the favour of early orders in this behalf.

Yours Faithfully,

Subject - Clearing and uprooting of jungle around Kopia Town to a width of one furlong

---

Adverting to your D O Letter No A3 C 1960/47-48 dated the 28th ultimo calling for proposals on the above subject, with reference to extract from the representation of addison to the finance Minister received through the Revenue Secretary to Government, I beg to submit that a report was already - submitted in this Office No.M L C 63/48-49 dated 16th November 1948

This is a town situated in the centre of Malnad but surrounded up thickly by forests No improvements to this town cannot be effected until surrounded jungle is cleared The Municipal Council is trying to remove the jungle but due to the poor -- finance it has not been possible to remove it completely, and during the following monsoons the jungle will again grow up The jungle has to be uprooted once for all

In addition to this the Department of Public Health have also opined that due to the same reason the public health in the town has been badly affected and hence the necessity for removing the jungle is keenly felt

It can be seen from the enclosed estimate that at least a sum of Rupees eighteen thousand one hundred and fifty (Rs 18,150/-) has to be spent for clearing and uprooting the jungle around Kopia town to a width of at least one furlong around As already - stated the Municipal Council is not in a position to undertake this huge work due to its poor finances

In the circumstances, I request that a kind recommendation be made for meeting the entire expenditure by the Government by way of Grant

As regards the submission of records relating to the -- alienation certain revenue lands, the District Survey Officer Shimoga has been requested to depute a Surveyor for resurveying the whole taluk and preparing correct statistics as the council intends to include some more revenue survey numbers to its limits

The estimate together with the extract of the Re-presentation received and the extract of the resolution is herewith submitted for kind perusal

I solicit early orders in the matter
